

## Atelier Ligia Casanova

\* Designer - Atelier Ligia Casanova

\* Design style - Contemporary chic and cosy

Located in one of the most creative areas in Lisbon,

Ligia Casanova's Atelier blends fantasy with cosiness in a space where you sense all the atmosphere of a true home. The living room and kitchen welcome clients and guests playing with the high ceilings and little details that you enjoy discovering along the way. The kids room travels you to childhood with little planets in paper machée flying over the head. Above all, the working space melts with all the rest, giving a true sense of comfort and joy.
