## INTERIOR DESIGN REVIEW

teNeues

**Designer:** Ligia Casanova.  
**Company:** Atelier Ligia Casanova, Lisbon, Portugal.  
'Making spaces that make people happy' is Ligia's maxim, one that's applied to every concept, whether it's intended for residential or public spaces. Current projects include a boutique hotel in Sintra, mountain huts near the Serra da Estrela in a rural tourism area and the second part of another residential tourism project in Alentejo. **Design philosophy:** comfortable and harmonious style.
